\*There are **no agreements** underlying these mobilities, hence the areas indicated represent a **history** of the mobilities that occurred in previous years: the fact that some destinations are associated only with specific areas does not mean that they are not open to students from other areas. This will depend on the academic offers of foreign universities.

The Free Mover program **does not entail any kind of agreements** between Luiss and host institutions and, therefore, **cannot guarantee eligibility** for these universities and hence nominate students.

The University list was compiled based on the information available on the universities' websites and on mobilities carried out over the last years. **Universities can at any time decide not to accept Free Mover students and it therefore remains the student's responsibility to check with the University of their interest the possibility of spending a semester with them as a Visiting /Free Mover student.**
