Thesis and Graduation

- Students will complete the thesis for Glasgow following the Partner University deadlines, during the mobility period. They will choose a topic in February and start working on the thesis in late May (once they have received the exam results) until August, when they submit it.
- Students will identify a Luiss supervisor and will need to follow the regular [Luiss procedure and deadlines](#) for the graduation at Luiss.
- Once returned to Luiss, they will defend the Master thesis at Luiss in July, in October / November (depending on the availability of transcript of records), or March/April.

Grade Conversion and Conversion Table

The academic activities recognized by the partner university will be transferred according to a Block Transfer Recognition.

During the V year the student will follow courses and take exams at the Partner University, in order to receive the LL.M. Degree. Upon his/her return, all the courses reported on the "Transcript of Records" issued by the foreign university will be recognized on the Luiss student's career through a Block Transfer Recognition, which will automatically recognize all the courses of the Luiss profile chosen (IV year II semester and V year I and II semester).

Grades will be transferred based on the calculation of the weighted average of the LL.M. grades. The weighted average grade of the courses taken abroad is converted following the grade conversion table (see below). Please note that the LL.M. thesis grade is excluded from the calculation. Grades will not be rounded up under any circumstance.
