If compliant with both universities' rules and conditions, regarding credits, attendance, deadlines, academic integrity, etc., participating students will receive two degrees, which will be issued according to each university's procedures.

Selected students will spend abroad the 3<sup>rd</sup> year of the Bachelor's Degree in Politics, Philosophy and Economics, during the a.y. 2025-2026 and will be registered at Luiss during their stay at the partner university. They will not be required to pay additional tuition fees at the partner university, but they will continue to pay fees to Luiss.

All expenses related to the participation in the program, notably transport, accommodation and food, administrative expenses, costs associated with securing a visa, medical/health/accident insurance, books and personal expenses, will be borne by students. Furthermore, students must comply with all the regulations of both universities in order to obtain the two Degrees.

Selected students are required to read and understand the relevant study plan and its rules. The study plan and its rules are to be considered binding to the successful completion of the double degree program. Once selected, students are required to carefully read and sign the document “General Understanding on Mobility for Double Degrees and Structured Exchanges”. Exams passed at the partner university during the mobility period will be transferred to the Luiss career according to the DD study plan. It is not possible to request an official renounce for the registration of the grades.

Selected students for the program with Sciences Po Bordeaux are eligible for an Erasmus+ grant. The allocation of the grant will depend on the annual fund for Erasmus+ available to the European Commission. Further information on the topic will be shared with students in the summer period (summer 2025).

While every effort will be made to provide students with complete, accurate and timely information, Luiss reserves the right to change, amend, modify or revoke the aforementioned program. Luiss is not responsible for any cancellation or modification due to events beyond its control. If the program is cancelled or modified for these reasons, Luiss will inform all interested students in a timely manner.

## **2. Requirements**

Students will be able to participate in the program only if they comply with the requirements listed in the summary table in point “2.4 Summary of requirements by program”, respect the agreed timeframes, and have no pending administrative issues with Luiss.

### **2.1 Weighted average grade**

The weighted average grade will be calculated based on the data available to the Student Office by 17 February 2025.

### **2.2 Exams**

Students are required to have registered at least 72 credits in their Luiss career by 17 February 2025.

Students are strongly encouraged to pass all exams taught during the 1<sup>st</sup> and 2<sup>nd</sup> year, ahead of the mobility year.

### **2.3 English Language certifications**

The English language certificates must not be older than two years from the start of the mobility period (1 September 2025). Hence, we will consider as valid the English-language certificates listed at the point

2.4 that have been obtained from September 2023 onwards. Applicants must meet the requirements using a single test.

Please note that documents certifying the enrolment in the Bachelor's Degree in PPE are not considered as an English certificate for the present call. Only certificates listed in the table at the point 2.4, "English Language" will be accepted.

For the selection process of this call, the English level achieved in the admission test will not be considered.

If a Luiss student does not possess an English language certification issued by the Luiss Language Center (CLA) nor one of the requested certificates, the student has the possibility to take an ad hoc, free of charge test at the Accademia Linguistica Trinity School di Roma (Via dei Mille, 35) by 21 January 2025. To register, please send an email to the CLA at [cla@luiss.it](mailto:cla@luiss.it) no later than 13 January 2025, by 1:00 PM. Please cc into your email the International Development Office using [international@luiss.it](mailto:international@luiss.it). During the test the use of dictionary or other translation tools is not permitted.

During the registration process, students might opt for taking the test either in person at the Trinity School or online on the dedicated platform, with a final Skype interview for the oral assessment. Thus, students who have not a Skype account yet, are invited to create it in advance. For further information about the test and the language level as stated by Luiss please contact the CLA ([cla@luiss.it](mailto:cla@luiss.it)) by January 13.

Students not eligible to take the ad hoc test mentioned above but interested in submitting a certificate issued by the Trinity School are allowed to do so but should be aware that this is a fee-paying assessment test, which shall be reserved autonomously by the student. The test can be taken at any moment before the application deadline. The test is available also for students holding other language certificates and/or a CLA language level.

## 3. Specific Program Rules

### 3.1 Sciences Po Bordeaux

#### 3.1.1 Mandatory language course

As stated in the study plan, students are required to study French during their 3<sup>rd</sup> year at SPB, or Italian for non-Italian students (who must possess and provide proof of at least a B1 level in Italian language before starting their mobility at SPB, by July 2025). If French/Italian is not already in your Luiss career, it will be replaced after selection<sup>1</sup>. The course will be recognized in Luiss as the mandatory second language after competition of your year abroad.

<sup>1</sup> The previous “second mandatory language course” will be converted into a Free course (0 ECTS) after selection. You can then decide whether to continue attending classes and take the pass/fail exam after returning from your mobility or remove the language from your study plan.

Students who are already proficient in both French and Italian must study a different language. This language should be chosen based on the courses available at both the Partner University and Luiss. A B1 level in the new language must be achieved before starting mobility at SPB, by July 2025. These applications will be evaluated on a case-by-case basis by Sciences Po Bordeaux and Luiss. If approved, the student's academic plan at Luiss will be adjusted accordingly<sup>2</sup>, and the language course will be recognized as the mandatory second language upon completion of the year abroad.

### **3.1.2 Graduation**

Students will complete their theses during their mobility period at SPB with two supervisors, one from each university. Students must respect the thesis procedures and deadlines from both institutions. Each institution will grade the final thesis according to its own standards.

## **3.2 Victoria University of Wellington**

### **3.2.1 Mobility Structure**

At the partner university, the academic year is structured as follows: Trimester 1 (from late February to early July), Trimester 2 (from mid-July to mid-October), and Trimester 3 (from mid-November to late February), with a summer break from late December to early January. Students participating in the program during their third year will arrive at VUW in late June 2025 and will complete Trimester 2, Trimester 3, and Trimester 1 of the following year (February-June 2026).

### **3.2.2 Graduation**

Please note that the thesis is required only at Luiss. Selected students will complete their theses during their third year of studies under the guidance of a Luiss supervisor.

Please note that the first Luiss graduation session available for students participating in this program will be the summer session in June/July 2026, contingent upon the timely receipt of Transcripts of Records from VUW. If transcripts are delayed, students will instead be eligible to graduate in the autumn session in October/November 2026. Please be aware that no oral defense is required for the Bachelor's degree; students only need to submit their theses.

---

<sup>2</sup> The previous "second mandatory language course" will be converted into a Free course (0 ECTS) after selection. You can then decide whether to continue attending classes and take the pass/fail exam after returning from your mobility or remove the language from your study plan.

#### 4. Application procedure

Applications can be submitted from 8 to 24 January 2025 by 5:00 pm. To apply, students must complete the application form and upload the required attachments through the web self-service area of the Luiss website<sup>3</sup>. Only applications accompanied by all documentation and received by the application deadline will be considered. Students are encouraged to apply well in advance of the application deadline and to double check the data entered in the application. If an error has occurred in the ranking of the preferences, applicants are required to flag it as soon as possible via email to the International Development Office and in any case no later than 31<sup>st</sup> January 2025. Please note that the request will be reviewed and evaluated, and as a result, approval is not guaranteed.

If students have any questions regarding the documents to upload or require further details about the required documentation, they are encouraged to reach out to the International Development Office for assistance before the application deadline.

Furthermore, students that require compensatory tools or dispensatory measures during the mobility are invited to get in contact with the International Development Office at [international@luiss.it](mailto:international@luiss.it) before applying to the program, in order to get more information on the special provisions guaranteed in the selected destinations.

##### 4.1 Compatibility among DD Programs

Eligible students have the option to apply to both DD Programs included in this Call for Applications. Applicants have opportunity to apply for one to two options, but it is not mandatory to apply for both. We encourage applicants to apply only for the programs they have a real interest in and for which all requirements are met.

Applicants will be required to rank their preferences during the application process.

Students that have been selected for one DD included in their list of preference will be automatically removed from the selection procedures of the other DD program.

Students who are not selected for any DD can remain on the waiting list for both DDs. If they are offered a place from one of the waiting lists (regardless of their preference) and they confirm their participation, they will be subsequently removed from the other waiting list.

Refusal or failure to confirm selection for the DD program will result in the applicant's official withdrawal from all DD programs in this call.

---

<sup>3</sup> Students are required to carefully read the "Application Instructions" published in the program webpage.

#### **4.2 Compatibility with the Structured Exchange Programs**

Students who are taking part to one of the Structured Exchange Programs in PPE during the 2<sup>nd</sup> year are not allowed to apply for this Call for Applications.

#### **4.3 Compatibility with the International Student Exchange program**

Eligible students are allowed to apply for the programs included in this Call and the International Student Exchange program.

Students applying to both Calls who will be selected for a DD must confirm their participation to the DD within the established deadline as detailed in paragraph “Acceptance”.

If selected students confirm their participation to the DD, they will be automatically excluded from the selection for the International Student Exchange program and will be removed from the candidates list.

If selected students do not confirm their participation to the DD according to the rules explained in paragraph “Acceptance”, they will remain eligible for the International Student Exchange program.

#### **4.4 Compatibility with ENGAGE.EU Program**

The double degree program might be incompatible with some ENGAGE.EU mobility programs. Students interested in both programs are urged to check academic calendars accordingly and ask the ENGAGE office for confirmation.

#### **4.4 Attachments requested in the online application**

Please note that the application must be completed through the web self-service. You are required to follow the Application Instructions which are uploaded in the Useful Documents section of the webpage of each program.

To be considered, the attachments must be in English and in PDF, readable, scanned (not photographed), named as follows:

DOCUMENT\_SURNAME\_DDPROGRAM (e. g.: ID\_ROSSI\_SPBPPE)
