## 2. General Rules

Selected students will have the possibility to attend courses at the partner university during the mobility and have the credits recognized on their Luiss career at the end of the fifth year. If compliant with both universities' rules and conditions, as for credits envisaged, attendance, deadlines, academic integrity, etc., participating students will obtain the above-mentioned title on top of their Luiss Single Cycle Master's Degree in Law.

Selected students will spend abroad the 5th year of their Single Cycle Master's Degree in Law during the a. y. 2025-26 and will be registered at Luiss during their stay at the partner university. Students will continue paying tuition fees to Luiss. Depending on the program, students may be required to pay additional tuition fees at the partner university (as specified in paragraph [3. Available Slots and Fees](#)).

Selected students must be regularly enrolled in the 5<sup>th</sup> year at Luiss during the a. y. 2025-26, they may attend the first available graduation session on July 2026, if in compliance with the deadlines of the LL.M. for which they are selected, and cannot ask for an early graduation during the a.y. 2025-2026. More information on the thesis and graduation for students selected for the LL.M. Educational Program are available in the relative study plans.

All expenses related to the participation in the program, notably transport, accommodation and food, administrative expenses, expenses associated with securing a visa, medical/health/accident insurance, books and personal expenses, will be borne by students. Furthermore, students must comply with all the regulations of both universities (sending and receiving) in order to obtain the two Degrees.

Selected students are required to read and understand the study plan and its rules. These are to be considered binding to the successful completion of the program. Once selected, students are required to carefully read and sign the document "General Understanding on Mobility for LL.M. students".

Exams passed at the partner university during the mobility period will be transferred to the Luiss career according to the program study plan. It is not possible to request an official renounce of the grades' registration.

While every effort will be made to provide students with complete, accurate and timely information, Luiss reserves the right to change, amend, modify or revoke the aforementioned program. ### 4. Requirements and Selection

Eligible students can apply if they comply with the requirements for each LL.M. EP they intend to apply to, specified in the [Appendix 1: Requirements](#) of this document. The applications that do not comply with the requirements specified in the [Appendix 1](#) will not be considered.

An Academic Commission nominated by the Dean of the Undergraduate School will select students on the basis of a non-disputable evaluation.

The selection follows a 3-step process:

Step 1: The eligible candidates will be ranked after the analysis of their academic performance (credits 53%, credits for internship 2%, weighted average grade 45%). The Academic Commission will rank

eligible students and create the short list for the next step. The academic performance will be calculated on the basis of the data available to the Student Office **by 12 February, 2025**.<sup>1</sup>

Step 2: An in-person interview<sup>2</sup> will be carried out by a member of the Academic Commission and by the International Development Office on **18 February, 2025**. The interview will focus on the motivation, the academic background and the previous international or professional experiences. It is a key part of the selection process: in case a candidate is not considered suitable for the program, he or she will not be selected regardless of the academic performance, the positioning in the applicants' ranking and the number of available slots.

Step 3: The partner Universities will receive from Luiss the short list of candidates already ranked by the Luiss Commission with their dossier. The partner Universities, analysing the Luiss Commission ranking and the candidates' dossiers, have the right to establish the final ranking.

## 5. Application Procedure

Applications can be submitted from 8 January until 24 January, 2025 at 5:00 PM. In order to apply, students must complete the application form and upload the required attachments in the web self-service area of the Luiss website<sup>3</sup>. Only applications accompanied by all documentation and received by the application deadline will be considered.

In case of doubts about the documents to upload or to get further information about the requested documents, students are invited to contact the International Development Office ([international@luiss.it](mailto:international@luiss.it)) before the application deadline.

Students that might require special provisions during the mobility are invited to get in contact with the International Development Office before applying to the program. The International Development Office reserves the right to request further details or documents to applicants.

## 6. Compatibility with Other International Programs

---

<sup>1</sup> Only for Luiss students who take part in an international mobility program during the 1<sup>st</sup> semester of the a. y. 2024-25 for whom the grades have not yet been registered into their student careers: the average grade will be based on the data available to the Student Office by February 12, 2025. The number of credits will be based on the additional documents provided in the application (please see [Appendix 2](#) for further details).

<sup>2</sup> Only for Luiss students who are abroad for an international mobility program, interviews will be carried out remotely.

<sup>3</sup> Students are required to carefully read the Application Instructions published in the program webpage.

### **6.1 Compatibility among the LL.M. Programs**

Eligible students are allowed to apply from a minimum of one (1) to a maximum of five (5) LL.M. Programs among those included in this Call for Applications and will rank the programs according to their preferences. We strongly encourage applicants to apply only for the programs they have a real interest in and for which all requirements are met.

Students will be selected for only one LL.M. Program within their list of preferences and will be removed from the selection procedures of the other LL.M. Programs.

Students who are not selected for any LL.M. Program can remain in the waiting list of more than one LL.M. Program. If they are recalled from the waiting list of any program (regardless of their preference) and they confirm their participation, they will be subsequently removed from the other waiting lists.

If an error has occurred in the ranking of the preferences, applicants are required to flag it as soon as possible via email to the International Development Office and in any case no later than 31 January, 2025. Please note that the request will be reviewed and evaluated, and as a result, approval is not guaranteed.

Refusal or missing confirmation of the LL.M. Program selection implies the official withdrawal from all the LL.M. Programs in this Call.

### **6.2 Compatibility with the International Student Exchange Program**

Eligible students are allowed to apply to these programs and the International Student Exchange program.

Students applying to both Calls who will be selected for the LL.M. Program must confirm their participation to the program within the established deadline as detailed in paragraph [8. Acceptance](#).

If selected students confirm their participation to the LL.M. Program, they will be automatically excluded from the selection for the International Student Exchange program and will be removed from the candidates' list.

If selected students do not confirm their participation to the LL.M. Program according to the rules explained in paragraph [8. Acceptance](#), they will remain eligible for the International Student Exchange program.

Students who completed an International Student Exchange program during previous years are eligible to apply to this Call.

### **6.3 Compatibility with ENGAGE.EU Program**

The LL.M. Educational Program might be incompatible with some ENGAGE.EU mobility programs. Students interested in both programs are urged to check academic calendars accordingly and ask the ENGAGE office for confirmation ([engage.eu@luiss.it](mailto:engage.eu@luiss.it)).

### **6.4 Privacy Notice**

We encourage all applicants to review the [Appendix 4](#), which includes important information about the privacy notice. Understanding these guidelines will help you stay informed about how your data is handled and protected throughout your studies.

## **7. Communication of results**

In compliance with current provisions on personal data protection, rankings will not be published. Students will be informed of the result of their own application only. Information such as other candidates' position in the ranking will not be disclosed. Selected students will receive the communication via-email **by 21 February, 2025** (date may be subject to change) on their Luiss student e-mail account. Thus, students are strongly invited to check their Luiss email account every day while the selections are ongoing.

## **8. Acceptance**

Selected students will be required to confirm their acceptance through written notification within one working day from the communication of results.

In case of refusal or missing notification by the deadline, the following candidate in order of waiting list will be recalled. Recalled students will be required to confirm their participation by written notice within one working day.

Any refusal submitted after a candidate has accepted the offer for a slot will be forwarded to the Deputy Rector for Teaching and Quality, who, in collaboration with the Dean of the Graduate School and the Director of Academic Affairs, will assess the justification provided. Refusals deemed inadequately justified will be reported to the Graduation Commission.

## **9. Additional Points**

The participation and successful completion of the LL.M. Program will provide additional points to the Final Grade of the Master's Degree, according to [Luiss rules](#).
