Core Abroad/Mandatory Abroad/Elective Abroad

If you wish to take a core course and/or elective course while studying abroad in the context of a Double Degree, a Structured Partnership, an International Exchange Program, the Free Mover Program or a Summer School and to sit the associated exam, you must select the general option Core Abroad, Mandatory Abroad and/or Elective Abroad. ▼

The exam - if passed - will be included your academic record and you will be awarded the number of credits that your degree program specifications attribute to core/electives.

It should be noted that it is necessary that courses have already been approved in accordance with the procedures laid down for every mobility program.

Should the exam for the core and/or elective course taken abroad not be passed, you must inform the Student Office of the exam that you intend to take at Luiss, in substitution of Core Abroad, Mandatory Abroad and/or Elective Abroad, from among the courses that have been activated and, only for the electives, that are not already full.

If core courses/elective courses/other activities or language courses have already been included in your career (exams recognized upon transferring from another University/changing degree programs/shortening/master, exams taken during mobility, brought forward, etc.), you must confirm them when you fill in your study plan. It is not possible to select other courses and take other exams instead of these already recognized or taken.

If an additional course has been taken and registered in the academic booklet, it cannot be considered among the credits eligible for the awarding of the degree title (basic/core/elective courses or other activities).
